

TILLMAN WANTS SENATE TO PROBE NEW YORK BANKS

Specifies Loans to Morse in Call for a Sweeping Investigation.

WASHINGTON, March 12.—Senator Tillman today introduced a resolution calling upon the Senate Committee on Finance to conduct an investigation and answer some pointed questions bearing upon financial legislation.

Whether the national banks in the city of New York and elsewhere are in the habit, under the guise of commercial loans of furnishing permanent capital for speculation in other enterprises.

Whether the Treasury Department had knowledge of the loans made by the National Bank of North America, of New York City, which are the subject of a suit by the receiver of said bank against Charles W. Morse, and of other similar transactions in other national banks.

Whether national banks are now engaged by themselves or through other organizations in attempting to control or dictate the legislation of Congress upon currency matters.

Whether the committee is further instructed to ascertain what, if any legislation, is necessary to discourage or prevent the habit of persons holding the office of Comptroller of the Currency or other Treasury officials, from their offices a stipulation to the payment of national banks.

Whether national banks are using trust companies or other financial institutions as dummy agencies for the purpose of transacting business in violation of the law governing national banks, and what legislation is necessary to prevent such an evasion of the law.

Whether the national banks in New York City, based their credit to stock brokers by the verification of acceptance of checks during the years 1906 and 1907 and report whether or not such transactions involved any violation of the provisions of section 230 of the Revised Statutes as to making "false loans."

Senator Tillman in introducing his resolution, asked that it be read and allowed to lie on the table. He said he wanted to give ample opportunity to have its contents known so there would be no suspicion in regard to it. He said he proposed to speak on this resolution next Monday.

GETS \$6,500 FOR A LEG.

Jury in the Supreme Court Awards That Sum to Edward Kelly, a Conductor.

Edward Kelly, a conductor on the Third Avenue Railroad, while on the running board of an open car near Thirty-fifth street, on Aug. 27, 1906, had part of his right leg taken off by a collision between his car and a lumber wagon owned by William P. Youngs & Co. Alfred and Charles Stockler, his counsel, brought suit against Youngs & Co., asserting that the collision was the result of negligence on the part of the driver in driving into the track immediately ahead of the car. The referee said that the motorcar ran into the wagon from behind while it was on the track.

The case came to trial before Justice Bischoff and a jury in the Supreme Court, and after two days the jury came into court this morning with a verdict for the plaintiff for \$6,500.

COURT WITH CORTELYOU IN BOND DISTRIBUTION.

WASHINGTON, March 12.—The Supreme Court of the District of Columbia has dismissed the proceedings instituted some months ago by Governor W. Austin of New York, to compel Secretary Cortelyou to issue to him \$2,000,000 worth of Panama Canal bonds.

The court held that the Secretary had the right to reject any or all bids, and to consider the financial conditions of the country, and that if the courts were to enjoin such proceeding, a syndicate might get control of an entire bond issue and cause financial ruin. Austin appealed.
